5. SPRINT PREMIERE**1. Overview****1. Description**

Sprint PremiereSM is a service offering for multi-location customers which may include VPN PremiereSM, Sprint PremiereSM Toll Free, Switched Digital Service (SDS) Premiere, and Sprint PremiereSM Toll Free SDS. Sprint Premiere includes communications, invoicing, customer service and network management options. Sprint Premiere offers voice and data connectivity among customer's locations and to Sprint's network for both outbound and inbound communications through a variety of switched and/or dedicated access options. Service is available throughout the United States and the world. For the entire list of international locations see [International Termination Points for Business Communications Services](#). A variety of features, discount options, Targeted Calling Options, Custom Business Options are available with Sprint Premiere.

2. Access Options

Sprint Premiere offers all access options described in Section 3.1 of [Business Communications and Miscellaneous Services](#). These options are available for VPN Premiere, Sprint Premiere Toll Free, SDS Premiere, and Sprint Premiere Toll Free SDS. For the purposes of call rating, both origination and termination, switched access is considered Off-net and dedicated access is considered On-net. See [Sprint Schedule No. 8](#) for all dedicated Local Access Facilities components and rates.

3. Bill Increments

VPN Premiere offers six-second increments with an 18-second minimum for domestic calls. Sprint Premiere Toll Free and Sprint Premiere Toll Free SDS offer six-second increments with an 18-second minimum for domestic and a 30 second minimum for all international calls except for toll free services terminating in Canada, which require an 18 second minimum time requirement per call.

SDS Premiere offers six-second increments with an 18-second minimum for domestic calls and a 30-second minimum for international calls.

4. Call Periods

Different call periods apply for domestic calls and for international calls. The call periods are included with each product's rates in this section and in international rate tables.

5. Dial Plans

In addition to the 1+NPA, 011+IDDD and 1+800 dial plan supported by all origination or termination options, VPN Premiere also supports Custom Network Addresses from all dedicated, FONCARD and from switched locations using 1+700 +7-digit calling.

5. SPRINT PREMIERE (Continued)

1. Overview (Continued)

6. Call Types

1. VPN Premiere and SDS Premiere Call Types

The ability to originate and terminate calls on switched (Off-Net) and dedicated facilities (On-Net) allows calls to rate using the four call types described below. For further information on access methods associated with switched and dedicated access, see Section 3.1.2 of [Business Communications and Miscellaneous Services](#).

1. On-Net to On-Net

A call between two locations originating and terminating over a customer's dedicated access facilities.

2. On-Net to Off-Net

Calling that originates on a customer's dedicated access facility and terminates at any switched access location worldwide.

3. Off-Net to On-Net

Calling that originates at a customer's switched access location or on the public switched network and terminates on a customer's dedicated access facilities.

4. Off-Net to Off-Net

Calling that originates at a customer's switched access location or on the public switched network and terminates at any location worldwide.

2. Sprint Premiere Toll Free Call Types

Sprint Premiere Toll Free has two call types: switched, for calls terminating at switched (off-net) facilities; and dedicated (on-net), for calls terminating on dedicated facilities.

2. Charges

1. Installation Charges

A network setup charge may be applied based on the Maximum Value Plan the customer selects. (See Section 5.4.1 for MVP information.)

<u>MVP Plan</u>	<u>Charge</u>
Base Plan	\$30,000
Two-Year Plan	\$20,000
Three-Year *	\$10,000
Four-Year and Five-Year Plans	\$0

* Setup charges do not apply for Options B & C.

5. SPRINT PREMIERE (Continued)

2. Charges (Continued)

2. Monthly Recurring Charges

1. Sprint Premiere Toll Free

The interstate and international [Toll Free Service Monthly Recurring Charges](#) apply.

3. Minimum Usage Requirements

1. Account Monthly Minimum Usage Requirement

Sprint Premiere customers have Monthly Minimum Usage Requirements. The requirements are based on interstate, intrastate and international gross monthly usage (dollars) per account for all access types except Dedicated Managed Access. Interstate and international gross monthly usage contributes to the Dedicated Managed Access account monthly minimum. If an account does not meet its monthly minimum usage requirement, the account will be charged the difference between actual usage and the minimum usage requirement. Non-usage charges, including but not limited to surcharges, install charges, and features charges, do not contribute to the minimum usage. Account Monthly Minimum Usage Requirements do not apply to Hotline dedicated access. See [Sprint Premiere Feature Rates](#) for Hotline charges.

5. SPRINT PREMIERE (Continued)

2. Charges (Continued)

3. Minimum Usage Requirements (Continued)

1. Account Monthly Minimum Usage Requirement (Continued)

<u>Access Type</u>	<u>Monthly Minimum Usage</u>
FONCARD and Switched (VPN)	\$ 0.00
Dedicated (SDS)	\$75.00
Dedicated (VPN)	\$50.00
Dedicated Managed (Applies to 3 and 4-Year Options C MVP)	\$4,000.00

2. Hierarchy Minimums

Billing hierarchy minimum requirements apply in conjunction with MVP plans. (See Section 5.4 for MVP information.)

1. Monthly Minimum Usage Requirements

Sprint Premiere billing hierarchies have a monthly gross usage (dollar) requirement. Sprint VPN Premiere, Sprint Premiere Toll Free and SDS Premiere interstate, intrastate and international gross monthly usage (dollars) contributes to the requirement. Account minimums assessed to meet the account minimum requirement are included in the contributory usage. If a hierarchy does not meet its monthly minimum usage requirement, one location in the hierarchy is charged the difference between actual usage and the minimum usage requirement. Non-usage charges, including but not limited to surcharges, install charges and features charges, do not contribute to the minimum usage requirement. New Sprint Premiere customers have a three month (billing-period based) grace period from their MVP start date before these minimums will be applied. If a Monthly Minimum Usage Charge is assessed, the amount charged is not credited towards the Annual Minute Commitment.

<u>MVP Plan</u>	<u>Monthly Minimum Usage</u>
Base Plan, 2-Year, 3-Year Option A, 4-Year Option A	\$15,000
3-Year Option B, 4-Year Option B, 5-Year	\$60,000
3-Year Option C, 4-Year Option C	\$240,000

5. SPRINT PREMIERE (Continued)

2. Charges (Continued)

3. Minimum Usage Requirements (Continued)

2. Hierarchy Minimums (Continued)

1. Hierarchy Annual Minutes Requirements

Sprint Premiere billing hierarchies have an annual minutes of usage requirement based on the MVP option selected. Sprint VPN Premiere, Sprint Premiere Toll Free and SDS Premiere interstate, intrastate and international minutes of use contribute to the requirement. A customer's total annual minutes are calculated based on the MVP start date. A shortfall charge is assessed each year the customer fails to meet the annual minimum commitment. The shortfall charge is billed to one location in the billing hierarchy. The charge is based on the difference between the customer's annual billed minutes of Sprint Premiere usage and the Annual Minimum Minutes required, the difference (shortfall) is then multiplied by the shortfall charge. Annual Minimum Requirement shortfall charges do not contribute to the Monthly Minimum Usage Requirements.

<u>MVP Option</u>	<u>Annual Minimum Minutes</u>	<u>Shortfall Per Minute Charge</u>
Base Plan, 2, 3, 4-Year, A	2 million	\$0.03
2-Year Plan	2 million	\$0.03
3, 4, 5-Year, B	5 million	\$0.03
3 or 4 Year, C	15 million	\$0.03

4. Surcharges

1. FONCARD Surcharges

[Sprint VPN Premiere FONCARD Surcharges](#) will be applied to both domestic and international Off-Net to On-Net and Off-Net to Off-Net call types on a per call basis.

5. SPRINT PREMIERE (Continued)

2. Charges (Continued)

4. Surcharges (Continued)

2. Route Advance Surcharge

See Section 3.2.4, [Business Communications and Miscellaneous Services](#) for the Route Advance Surcharge terms and conditions. The following per minute surcharge applies in addition to the standard usage rates.

<u>Service</u>	<u>Per Minute Surcharge</u>
Sprint Premiere Toll Free (Off-Net)	\$0.10
Sprint Premiere Toll Free (On-Net)	\$0.00

3. Operator Service

[State-to-State Operator Service Call Placement Charges](#) and [International Operator Service Call Placement Charges](#) apply per call.

4. Sprint International Access (Sprint Express):

The Sprint International Access (Sprint Express) surcharges in Section 4.2.3.5 of [Sprint Clarity](#) apply.

5. Directory Assistance

Directory Assistance, including National Directory Assistance, is available. The rates may be seen at [Directory Assistance](#).

6. Interactive Toll Free Service

1. Non-recurring Charges

Installation (per Interactive Toll Free Program)	\$600.00
Expedited Installation (per request)	\$500.00
Sprint-Provided Voicing (per hour of recording)	\$100.00
Foreign Language Voicing (per hour of recording)	\$150.00
Script Translations (per hour of recording)	\$150.00
Speed Dial, Database Routing, Validated Security Codes, and/or Validated Caller-Entered Codes Installation (per Interactive Toll Free Program)	\$400.00
Feature Change Charge (per change occurrence)	\$250.00

5. SPRINT PREMIERE (Continued)

2. Charges (Continued)

4. Surcharges (Continued)

6. Interactive Toll Free Service (Continued)

2. Monthly Recurring Charges

Monthly Service Charge	\$100.00
Voice Slot Storage Charge (per 30-second slot)	\$50.00

3. Base Surcharge

All programs, per call*	\$0.06
-------------------------	--------

4. Interactive Toll Free Service Without Call Referral Charge

Per minute	\$0.06
------------	--------

5. Maximum Per Call Surcharge

Per call	\$0.20
----------	--------

6. Reports

Weekly Delivery (per report, per program, per month)	\$250.00
--	----------

7. Reports

Monthly Delivery (per report, per program, per month)	\$150.00
---	----------

8. Agent Transfer Speed Dial Storage

	<u>MRC</u>
1-15 Speed Dial Codes	\$0
16-500 Speed Dial Codes	\$200
501-1000 Speed Dial Codes	\$400
1001-3000 Speed Dial Codes	\$750

9. Canada ITFS

In addition to the International Toll Free Service (ITFS) NRCs, MRCs and per call surcharges, toll free usage charges apply. For calls originating in Canada, the Canada ITFS [Toll Free with International Termination](#) rates apply Rates apply.

* The base surcharge and Call Referral surcharge do not apply to Stand-Alone Agent Transfer.

5. SPRINT PREMIERE (Continued)

2. Charges (Continued)

5. Features

For a description of the available features, see [Sprint Features Descriptions for Schedule No. 11](#). [Sprint Premiere Feature Rates](#) apply.

6. Other Charges

For the definition of the charges in this section, see Section 3.2.6 of [Business Communications and Miscellaneous Services](#).

1. Maintenance Charges

The following maintenance charges will be applied to Sprint Premiere Toll Free Services.

<u>Change</u>	<u>Non-Recurring Charge</u>
Moves and Rearrangements	
- Analog	\$120
- T-1	See Section 3.1.2.3 of Sprint Schedule No. 8
Number to Circuit Change	\$100 per number
Change Sprint Toll Free Number	\$100 per number
Change DNIS digits outpulsed	\$100 per service group
2. <u>Out of Hours Work Charge</u>	<u>Per Hour</u> <u>Minimum</u>
	\$150.00 \$300.00
3. <u>Troubleshooting Charges</u>	<u>Per Hour</u> <u>Minimum</u>
1. Trouble Shooting by Sprint	\$100.00 \$200.00
2. Trouble Shooting by local telephone company	Rate equal to charge assessed Sprint by local telephone company plus 5% surcharge for administrative expense
3. Trouble shooting by vendor of customer-owned equipment	Rate equal to charge assessed Sprint by local telephone company plus 5% surcharge for administrative expense

4. SPRINT CLARITY (Continued)

3. Usage Charges (Continued)

- National

All calls not classified as Corridor or Regional and not originating from Puerto Rico and the U.S. Virgin Islands and terminating in the contiguous United States are national. This includes calling between the contiguous United States, Alaska, and Hawaii. National calling also includes calls originating in the contiguous United States, Alaska, Hawaii, Guam (FONCARD and toll free origination only), and CNMI (FONCARD and toll free origination only) and terminating in Puerto Rico, the U.S. Virgin Islands, Guam and CNMI and calls originating in Puerto Rico, the U.S. Virgin Islands and terminating in Alaska, Hawaii, Guam and CNMI.

Alaska, CNMI, and Guam origination is available for VPN FONCARD and Sprint Premiere Toll Free via switched access. Alaska, Guam and CNMI termination is available for VPN Premiere and SDS Premiere via switched access. Dedicated Sprint Premiere origination and termination is available within the U.S. Mainland and Hawaii. The Sprint Premiere NPA-to-NPA Calling Area table indicators are 2 and 3 as shown in Section 9.3.1 of [Service Areas and Rate Step Tables](#).

- Puerto Rico/U.S. Virgin Islands

All calls originating from Puerto Rico and the U.S. Virgin Islands and terminating to the contiguous United States. The NPA-to-NPA Calling Area table indicator is 5 as shown in Section 9.3.1 of [Service Areas and Rate Step Tables](#).

1. VPN Premiere Domestic Usage Rates

1. Direct Dialed and FONCARD

The domestic usage rates below will be applied to VPN Premiere FONCARD (Off-Net to On-Net or Off-Net to Off-Net only as appropriate), as applicable, and to the following MVP options: Base Plan; 2-year; 3-year, Option A & B; 4-year, Option A & B; and 5-year.

4. Operator Services

Domestic operator service calls receive the usage rates found in Section 5.3.1.

5. Sprint International Access (Sprint Express)

Sprint Premiere customers can use their VPN Premiere FONCARDS to call from those international locations listed in the [Sprint Premiere International Access](#) rate table to the United States. The [Sprint Premiere International Access](#) rates apply in addition to a per call surcharge found in Section 4.2.3.5 of [Sprint Clarity](#). For country-to-country calling, the [Sprint VPN Country-to-Country International Access](#) rates and per call surcharges apply.

6. [Reserved for Future Use]

7. International Usage Charges

For Sprint Premiere international usage charges see Section 5.10.

5. SPRINT PREMIERE (Continued)

3. Usage Charges (Continued)

8. VPN Premiere FONCARD

The usage rates in Section 5.3.1.1 apply for domestic calls. Calling from the United States to Canada is billed at the international VPN Premiere FONCARD to Canada rates. Sprint VPN Premiere International Rates Calling from the United States to other international destinations is billed at the international rates which may be found at [Sprint VPN Premiere International Rates](#). VPN Premiere FONCARD calls placed to other Canadian points and FONCARD calls originating in Canada and terminating anywhere in the 50 United States, Puerto Rico, the U.S. Virgin Islands, Guam and CNMI will be billed [Sprint VPN Premiere International Rates](#). All VPN Premiere FONCARD calls will be assessed a per call surcharge which may be found at [Sprint VPN Premiere FONCARD Surcharges](#)

4. Sprint Premiere Discounts

1. Maximum Value Plan

All Sprint Premiere customers will participate in an MVP. Sprint Premiere offers a Base Plan MVP (1-year commitment), 2-year, 3 year Options A or B, 4-year Options A or B or 5-year MVPs; and 3-year or 4-year Option C Managed Access MVPs. All Sprint Premiere customers must select a Domestic MVP and either the International Base Plan or the International MVP. If the customer fails to satisfy the monthly minimum, the customer shall pay Sprint the difference between the monthly minimum and the customer's actual usage charges.

1. Contributory and Eligible

1. Domestic MVP

All Sprint Premiere interstate, intrastate and international switched and/or dedicated usage contributes to determining the domestic MVP discount level achieved and to be applied within each service's specific discount schedule. For a list of international locations see Section 7.1.

* Feature charges are contributory to and eligible for the 3-year and 4-year Option C Managed Access MVP discount.
Text currently on this page was previously located on Page 14.

5. SPRINT PREMIERE (Continued)

4. Sprint Premiere Discounts (Continued)

1. Maximum Value Plan (Continued)

1. Contributory and Eligible

2. International MVP (Continued)

All Sprint Premiere international switched and/or dedicated usage contributes to determining the International MVP discount level achieved. Only international VPN Premiere and SDS Premiere will be eligible for the International MVP discount. However, International Toll-Free Service usage will not be eligible for the International MVP discounts, but will receive the 8% International Base Plan discount.

Sprint Premiere surcharges, non-Sprint Premiere usage charges (such as Dial 1 WATS, etc.), installation fees, charges associated with Hierarchy Monthly Minimum Usage Requirements and Hierarchy Annual Minimum Minute Commitments, access facility charges and other charges associated with access, recurring line or feature charges*, Directory Assistance surcharge, Operator Services surcharge, Sprint International Access (Sprint Express) surcharge, taxes, interest revenue on which a royalty or commission has been paid to the customer, or any other fixed recurring or non-recurring charge will neither contribute to nor be eligible for Domestic and/or International MVP discounts.

2. Application of Discount

All MVP discounts are based on current usage. MVPs begin in the first billing month after the signed MVP agreement form is accepted by Sprint and in which Sprint Premiere usage is invoiced, and continue for all consecutive months for the duration of the MVP. MVP discounts may be applied to one account/invoice point within the billing hierarchy or may be spread across all individual accounts.

* Feature charges are contributory to and eligible for the 3-year and 4-year Option C Managed Access MVP discount.

5. SPRINT PREMIERE (Continued)

4. Sprint Premiere Discounts (Continued)

1. Maximum Value Plan (Continued)

2. Application of Discount (Continued)

If the intrastate tariff contains associated discounts, the intrastate discount applies to intrastate usage in lieu of the interstate discount. If the intrastate tariff references Sprint's interstate schedule for intrastate discounts, the interstate discount is applied to intrastate usage as well as interstate and international usage. However, if the intrastate tariff does not contain discounts or does not reference Sprint's interstate tariff for intrastate usage discounts, the total dollar amount of the discount determined will be credited against the customer's interstate and international usage so long as the interstate and international usage exceeds the total dollar amount of the discount. If the customer's interstate and international usage does not exceed the dollar amount of the discount, the customer receives a discount equal to the interstate and international usage.

5. International Plans

1. International Base Plan

All Sprint Premiere international calls for all MVP options receive an 8% discount.

5. SPRINT PREMIERE (Continued)

4. Sprint Premiere Discounts (Continued)

1. Maximum Value Plan (Continued)

5. International Plans (Continued)

2. International MVP Plan Schedule

VPN Premiere and SDS Premiere customers subscribing to the International MVP receive discounts in lieu of the International Base Plan discounts. The International MVP is only available to customers who subscribe to domestic MVP 3- or 4-year Options A, B or C or a 5-year MVP Option. In addition, the term of the International MVP must equal the term of the domestic MVP Option selected (see Section 5.4.1.1 herein). For example, the 3 year International MVP is only available to 3-Year Option A, B or C domestic MVP option customers. Customers can subscribe to either the International Base Plan or the International MVP Plan.

International MVP Volume Discounts
Hierarchy Level Discounts

<u>Monthly Usage Level Achieved</u>	<u>Three Year</u>		<u>Four Year</u>	<u>Five Year</u>
	<u>Options A, B & C</u>	<u>Options A, B & C</u>	<u>Options A, B & C</u>	
\$ 0 - \$1,999	0.0%		0.0%	0.0%
\$ 2,000 - \$3,999	27.0%		28.5%	30.0%
\$ 4,000 - \$7,999	29.5%		31.0%	32.5%
\$ 8,000 - \$11,999	31.0%		32.5%	34.0%
\$12,000 - \$19,999	32.0%		33.5%	35.0%
\$20,000 - \$29,999	32.5%		34.0%	35.5%
\$30,000 - \$49,999	33.0%		34.5%	36.0%
\$50,000 - \$74,999	33.5%		35.0%	36.5%
\$75,000+	34.0%		35.5%	37.0%

6. Managed Access Conditions

The Managed Access MVP (3-Year Option C and 4-Year Option C) applies to all locations within a customer's billing hierarchy. Customer premises equipment (channel banks, PBX line cards, ISDN adapters, inverse multiplexers, etc.) is not included in this option. Individual DS-0 or voice grade circuits are not included in this program. If these services are required, standard facilities charges will apply. Sprint is responsible for selecting the access provider at each location, though Sprint may accept a customer's request for a different access supplier.

Sprint Premiere 3- or 4-year Option C Managed Access customers are eligible to receive dedicated access services without being charged the monthly recurring charges, including Access Facilities Connection ("ACF"), Central Office Connection ("COC") and ISDN D-channel charges subject to the terms and conditions in Section 5.4.1.6.

5. SPRINT PREMIERE (Continued)

4. Sprint Premiere Discounts (Continued)

1. Maximum Value Plan (Continued)

7. Termination Without Liability

A customer, at any time during the MVP, may choose to discontinue that MVP if the customer subscribes to another MVP option with a MVP commitment period (total number of years) and level of Monthly and/or Annual Minimum Commitments, as specified in Sections 5.2.3.2.1 and 5.2.3.2.2, greater than or equal to the customer's current term period and volume commitments. Customers who upgrade from their current MVP option will be given a new MVP start date. The new MVP then begins in the first billing month after the signed MVP agreement form is accepted by Sprint and will continue for all consecutive months for the full duration of the MVP.

8. Termination With Liability

If for any reason a customer disconnects service (as described in [Standard Terms and Conditions for Sprint Communications Services](#)) or is canceled by Sprint for cause (see [Terms and Conditions](#), Cancellation for Cause, Section 2.25), early termination liability and shortfall charges will be applied in one lump sum to the one location in the customer's billing hierarchy. The termination liability consists of the termination liability charge multiplied by the number of months remaining in the MVP except for the Base Plan MVP which has a one-time flat-rated charge. The shortfall charge is the difference between the actual minutes and the total minutes remaining in the customer's total MVP commitment multiplied by the shortfall per minute charge. The termination charge will be incurred in lieu of any other account or hierarchy minimum charges.

<u>MVP Plan</u>	<u>Termination Liability Charge</u>	<u>Shortfall Per Minute Charge</u>
Base Plan	\$ 5,000 (Flat Rate)	\$0.03
2-Year Plan; 3-Year, Option A	\$15,000	\$0.03
3-Year, Option B	\$30,000	\$0.03
3-Year, Option C	\$60,000	\$0.03
4-Year, Option A	\$15,000	\$0.03
4r-Year, Option B	\$30,000	\$0.03
4r-Year, Option C; 5-Year Plan	\$60,000	\$0.03

9. MVP Renewal

An MVP will automatically renew for the same duration and terms and conditions unless the customer provides written notification to cancel the MVP. Such notification must be received by Sprint not less than 45 days prior to the expiration of the term.

5. SPRINT PREMIERE (Continued)

5. Sprint Premiere Targeted Calling Option Charges

This section contains Sprint Premiere-specific information on the Targeted Calling Options (TCO) Sprint Premiere customers may chose one and only one TCO per account. VPN Premiere FONCARD usage neither contributes to nor is eligible for TCO options. Managed Access MVPs are not eligible for TCO options.

1. Off-Peak Calling Option

The Off-Peak Calling Option is available to all new and existing customers. It can be subscribed to only on a physical location basis for switched and dedicated outbound services (not available for FONCARD). At each unique physical location this option cannot be combined with any other Targeted Calling Option. A customer may subscribe to the Off-Peak Calling Option for VPN Premiere Sprint Premiere Toll Free services at the same physical location. When a VPN Premiere or Sprint Premiere Toll Free customer selects this TCO for an account, the usage charges listed in this Section (5.5.3.1) will be applied.

For toll free service customers, the Sprint Off-Peak Calling Option is available on a toll free number-specific basis at any or all desired toll free locations. Each toll free number that selects the Toll Free Off-Peak Calling Option must use the Off-Peak Calling Option for all locations (regardless of access type) where the designated toll free number terminates.

1. VPN Premiere Domestic Off-Peak Option Usage Rates

The following rates bill in first 18-second and additional 6-second increments. Rates will be applied to domestically originated calls for the following MVP options: Base Rate; 2-year; 3-year, Option A & B; 4-year, Option A & B; and 5-year.

Calling Area	Time Period	On-Net to On-Net		On-Net Off-Net		Off-Net to On-Net		Off-Net to Off-Net

6. Sprint Premiere Invoicing

See Section 3.6 of [Business Communications and Miscellaneous Services](#) for more information about Invoicing.

7. Service Guarantees**

1. Sprint Secure and Sprint Secure Satisfaction Guarantee

Sprint Secure and Sprint Secure Satisfaction Guarantee are available for selected Sprint toll free and VPN products. There are no charges associated with these services. A description of these services and the terms and conditions for these services may be found at [Sprint Secure and Sprint Secure Satisfaction Guarantee](#).

2. Sprint Security Support Services

Sprint Security Support Services includes SprintGUARD Basic, SprintGUARD Plus, and SprintGUARD Elite. There is no charge for SprintGUARD Basic. A description of these services, terms and conditions for these services, and charges for SprintGUARD Plus, and SprintGUARD Elite may be found at [Sprint Security Support Services](#).

** Service Guarantees are no longer available for subscription.

5. SPRINT PREMIERE (Continued)

8. Optional Services or Features

1. SiteRPSM Toll Free Service

SiteRP Toll Free Service allows the Sprint Premiere Toll Free customer to route incoming calls to customer-specified locations on a call-by-call basis. The customer-specified routing destination and types of calls routed to those destinations are determined based upon the routing logic contained in the Customer-owned and maintained Routing Processor (CRP) located at the customer's premises. The customer is responsible for providing their own routing processor and the routing logic used to respond to inquiries from the Sprint network. Sprint will not be responsible for any errors in call routing caused by the Customer's routing processor decisions and responses to Sprint's SiteRP service inquiries. All toll free numbers with SiteRP routing must utilize Enhanced Routing services.

Use of the SiteRP requires CLEARLINE Digital Data circuits between all Sprint Service Control Points (SCPs) and the CRP using X.25 protocol. In addition to access charges, a non-recurring installation charge and monthly recurring charge (based on monthly usage) will be charged. Normal Sprint Premiere Toll Free usage and feature charges apply. Customers must subscribe to an initial one year SiteRP service period commencing on the first day of the regular billing cycle after SiteRP Toll Free has been installed and activated for the customer and shall remain in effect after the initial term of one (1) year until either party provides ninety (90) days written notice to the other party. Should the customer terminate its SiteRP Toll Free service before the expiration of the initial one year period, the customer will be responsible for the SiteRP Toll Free monthly recurring charges for the months remaining in the initial one year period. The following rates apply to SiteRP Toll Free service.

\$10,000	-	Monthly Recurring Charge*
\$ 5,000	-	Monthly Recurring Charge**
\$ 5,000	-	Non-Recurring Installation Charge*
\$15,000	-	Non-Recurring Installation Charge**

* This rate applies to customers subscribing to service beginning 9/3/98

** This rate applies to customers subscribing to service prior to 9/3/98

5. SPRINT PREMIERE (Continued)

9. Reserved for Future Use

10. Sprint Premiere International Rates

For all outbound (U.S. to international) calls, the customer's local time at the point of call origination determines the Call Period. For all inbound (international to U.S.) calls, the customer's local time at the point of call termination determines the Call Period. International calls beginning in one call period and completing in another call period will be billed according to the rates in effect during each portion of the call. With the exception of the rates to Canada and Mexico, rates are country specific (do not change within a given country) and are in effect seven days a week.

Sprint international usage is based on the terminating country-specific call periods. For Sprint Premiere, call type charges (as defined in Section 5.1.6) also apply. Calls may be completed by direct dialing or with operator service (including surcharges).

1. Canadian Calling

An NPA-to-NPA rate structure is provided for Sprint Clarity Outbound, VPN Premiere, Sprint Premiere Toll Free, and SDS Premiere calls to and from Canada. These services share the NPA-to-NPA matrix listed in Section 9.3.2 of [Service Areas and Rate Step Tables](#).

5. SPRINT PREMIERE (Continued)

10. Sprint Premiere International Rates (Continued)

1. Canadian Calling (Continued)

1. Regional

All calls that terminate in a Canadian NPA that share a border with the state in which the call originates are classified as regional. In addition, all VPN FONCARD and Sprint Premiere Toll Free calls which originate in a Canadian NPA that shares a border with the state in which the call terminates are classified as regional. Canadian NPAs which border across the Great Lakes are considered to share a border. The NPA-to-NPA Calling Area Table indicator is 1 as shown in Section 9.3.2 of [Service Areas and Rate Step Tables](#).

2. National

All calls which terminate in Canada and VPN FONCARD and ITFS calls which originate in Canada and which are not classified as regional. The NPA-to-NPA Calling Area Table indicator is 2 as shown in Section 9.3.2 of [Service Areas and Rate Step Tables](#).

2. International Rates

1. VPN Premiere Direct Dialed and FONCARD

[Sprint VPN Premiere International Rates](#) apply, except for VPN Premiere FONCARD calls that originate and terminate in Canada or other international locations which will be billed at the appropriate usage rates for service from Canada as found at [Sprint International FONCARD](#). If an operator assists with a call, the applicable [International Operator Services Per Minute Rates](#) and [International Operator Service Call Placement Charges](#) apply. FONCARD calls will be assessed a per call [Sprint Premiere FONCARD Surcharge](#).

2. Switched Digital Service

[Sprint Premiere SDS International Rates](#) apply.

3. Sprint International Access (Sprint Express)

[Sprint Premiere International Access Rates](#) apply. In addition, a per call surcharge applies.
